

The European General Data Protection Regulation (GDPR) and Protection of Personal Information Act (POPIA)

2 Days Training in Johannesburg, South Africa

13-14 September 2018

The GDPR will not only apply to companies established in the EU but also to those which: -

1. offer goods or services to EU residents i.e. South Africa Diaspora (irrespective of whether a fee is charged). Even if the company or processors is established outside the EU (i.e. South Africa);
2. monitor the behaviour of EU residents as far as that behaviour occurs in the EU.

In this training we focus on the key implementation steps applicable companies need to undergo to ensure compliance with GDPR these includes: -

- **Fair Processing Information**
- **Processing Conditions and Exemptions**
- **New Right of Data Portability**
- **New Right of Subject Access Request**
- **General Policies and Records**
- **Data protection by design and by default**
- **Data Protection Impact Assessments (DPIA)**
- **Data Protection Officers (DPO)**
- **Breach Notification**
- **Other GDPR requirements**

The Protection of Personal Information Act (POPIA), No 4 of 2013 promotes the protection of personal information by public and private bodies. Protection of Personal Information Act (POPIA) governs the way personal information is collected, stored, used, disseminated and deleted.

In this training we focus on the implications of the POPI Act on business organisations and will elaborate on a pragmatic implementation model. This will address the impact on policies, business processes, access control, data custodianship, cybersecurity, IT governance, risk and compliance. The following topics will be covered in detail: -

- **The 8 conditions of POPIA**
- **Key differences between GDPR and POPIA**
- **Who needs to comply with POPIA**
- **The benefits of achieving POPIA compliance**
- **The role of cybersecurity in achieving POPIA compliance; and**
- **How POPIA affects cross-border relations**
